BOND PROPOSAL DISCUSSION

Brad Hemmes from GMB Architects and Engineers presented and reviewed a possible bond proposal with the members of the board. The proposal was put together following focus meetings held during the early months of 2018 that included parents and staff from our school buildings.

A detailed discussion among the members established the next steps:

- Surveys to ascertain input from all stakeholders.
- Focus should be on the instructional improvements.
- Building equipment and infrastructure should be addressed.

The board would like an update at their June Work Session after the surveys have been disseminated and data collected.

PUBLIC COMMENT ON AGENDA ITEMS
