### Summer Learning

*Status:* ACTIVE

*Statement:* Our goal was to provide a socially and emotionally supportive summer learning program in an effort to bridge the gaps in supports that exists in the summer. The program began in the summer of 2021, and needs to continue each summer moving forward. This focuses on school engagement K-8, and supportive credit recovery, 9-12.

*Created Date:* 10/25/2023

*Target Completion Date:* 08/23/2025

**Strategies:**

(1/1): 23g Expanded Learning Time

Owner: William Barnes

Start Date: 11/07/2023

Due Date: 08/23/2025

**Summary:** EdTrust defines expanded learning time (ELT) as programs or strategies implemented to increase the amount of instruction and learning students experience. ELT strategies include afterschool, summer, and in-school programs. The evidence suggests that extended learning time programs, including extended school day (ESD), extended school year (ESY), and expanded learning opportunities (ELO) programs that provide academic services during out-of-school time hours, can be effective in improving a range of educational outcomes for students. Findings also suggest that extended learning time programs may be more advantageous for low-income, low-performing, ethnic minority or otherwise disadvantaged students.

**Strategy Implementation Plan Activities**

Activity	Owner	Start Date	Due Date	Status
<p>Develop a summer learning program for high school students in which they are able to work on key skills from classes that the failed, and work at their own pace through a digital learning platform to recover credit over the summer, outside of the regular school year. This is a tier 3 strategy; tier 1 strategies occur in the classroom, with classroom teachers during the regular school year. We also have help rooms and after school programming in which students get extra support during the school year (tier 2). Our program has students onsite, and they are working through content that they missed, not necessarily whole classes. Our summer learning program lasts four weeks, and allows students to make up as many credits as they need in that span of time, using an online platform with the support of certified teachers.</p>	William Barnes	11/07/2023	08/23/2025	ONTARGET

<p>for students, their families, and the community. Whether it's instruction, school climate, leadership, family engagement, or any of the other issues schools face on a daily basis, all educators need tools to help them improve their actions and methods. A whole child approach, which ensures that each student is healthy, safe, engaged, supported, and challenged, sets the standard for comprehensive, sustainable school improvement and provides for long-term student success. The Whole Child approach is an effort to transition from a focus on narrowly defined academic achievement to one that promotes the long-term development and success of all children. " This includes providing high quality staff members to work with students and build positive relationships, materials to provide lessons rooted in whole child strategies, field trips to connect children with the broader community and high quality experiences, and transportation to those field trips. We will also</p>

## Comet Academy

*Status:* ACTIVE

*Statement:* By the start of the 2023-2024 school year, we will develop a partnership with Relevant Academy to support the needs to seniors who are off track for graduation. By the end of the 2023-2024 school year, it needs to be in place and serving students. The partnership needs to continue beyond the 2023-2024 school year.

*Created Date:* 10/30/2023

*Target Completion Date:* 06/30/2026

**Strategies:**

*(1/1): 23g Intensive, Individualized Support*

*Owner:* William Barnes

*Start Date:* 03/26/2024

*Due Date:* 06/30/2026

*Summary:* A trained adult advocate can help students who have fallen off track by providing individualized support to meet their academic, personal, and emotional needs. An advocate is a student’s “go-to person” for the resources and support needed to graduate, and typically provides these supports for the entire time a student is enrolled in the school, or, at a minimum, for a full school year. Advocates can be school staff or not employed by the school district. Advocates can identify unmet needs and provide or coordinate more intense, individualized support to help students get back on track for graduation.

Activity	Owner	Start Date	Due Date	Status
<p>Make Comet Academy part of our system of support for students; student may receive additional supports outside of school through the partnership. Comet Academy is a tier 3 support for students who have not responded to tier 1 classroom supports or tier 2 pull out or push in supports at Grand Ledge High School. Because of the virtual nature of the Comet Academy program, students can learn and grow outside of the normal school day, while they are provided with mentor support during the school day. Counselors and administrators at the high school work with students and families to facilitate the transition to the program.</p>	William Barnes	03/26/2024	06/30/2026	ONTARGET

<p>program. The program handbook states "All Comet Academy students are expected to check in twice weekly with their mentor teacher. One check in must be done face to face or via video conferencing. The second check in may be done via messaging. Students are also expected to complete their weekly goals that are established each week. Failure to complete weekly goals or to participate in the weekly communication for two weeks in a row will result in students being placed on probationary status. Students on probationary status will lose extra curricular activity privileges until placed in good standing and may ultimately be referred to truancy. If a student is ill and can not complete their weekly goal or communication expectation, a parent or guardian must reach out to the student's mentor to excuse them."</p>
