### Summer Learning

*Status:* ACTIVE

*Statement:* Our goal was to provide a socially and emotionally supportive summer learning program in an effort to bridge the gaps in supports that exists in the summer. The program began in the summer of 2021, and needs to continue each summer moving forward. This focuses on school engagement K-8, and supportive credit recovery, 9-12.

*Created Date:* 10/25/2023

*Target Completion Date:* 08/23/2025

**Strategies:**

*(1/1): 23g Expanded Learning Time*

*Owner:* William Barnes

*Start Date:* 11/07/2023

*Due Date:* 08/23/2025

*Summary:* EdTrust defines expanded learning time (ELT) as programs or strategies implemented to increase the amount of instruction and learning students experience. ELT strategies include afterschool, summer, and in-school programs. The evidence suggests that extended learning time programs, including extended school day (ESD), extended school year (ESY), and expanded learning opportunities (ELO) programs that provide academic services during out-of-school time hours, can be effective in improving a range of educational outcomes for students. Findings also suggest that extended learning time programs may be more advantageous for low-income, low-performing, ethnic minority or otherwise disadvantaged students.

*Buildings*

- Beagle Middle School
- Delta Center Elementary School
- Grand Ledge High School
- Hayes Intermediate
- Holbrook Elementary School
- Wacousta Elementary School
- Willow Ridge Elementary School

*Total Budget:* \$555,000.00

- Other State Funds (State Funds)

*Communication:*

**Method**

- Other
- School Board Meeting
- Email Campaign
- Presentations
- District Website Update
- Parent Newsletter

**Audience**

- Community-at-Large
- Educators
- Staff
- School Board
- Parents

*Strategy Implementation Plan Activities*

| Activity   | Owner          | Start Date | Due Date   | Status   |
|--|----------------|------------|------------|----------|
| <p>Develop a summer learning program for high school students in which they are able to work on key skills from classes that they failed, and work at their own pace through a digital learning platform to recover credit over the summer, outside of the regular school year. This is a tier 3 strategy; tier 1 strategies occur in the classroom, with classroom teachers during the regular school year. We also have help rooms and after school programming in which students get extra support during the school year (tier 2). Our program has students onsite, and they are working through content that they missed, not necessarily whole classes. Our summer learning program lasts four weeks, and allows students to make up as many credits as they need in that span of time, using an online platform with the support of certified teachers.</p> | William Barnes | 11/07/2023 | 08/23/2025 | ONTARGET |

| <p>of the other issues schools face on a daily basis, all educators need tools to help them improve their actions and methods. A whole child approach, which ensures that each student is healthy, safe, engaged, supported, and challenged, sets the standard for comprehensive, sustainable school improvement and provides for long-term student success. The Whole Child approach is an effort to transition from a focus on narrowly defined academic achievement to one that promotes the long-term development and success of all children. " This includes providing high quality staff members to work with students and build positive relationships, materials to provide lessons rooted in whole child strategies, field trips to connect children with the broader community and high quality experiences, and transportation to those field trips. We will also provide leadership and oversight of the program to ensure educators are implementing strategies that meet the needs of the whole child, as well as snacks and meals to ensure that students' basic needs are met.</p> |       |            |          |        |
